**Bubbles**

**MSBSS/Bubbles/Year 19-20/Cir. No. 04**

**Date : 09-07-2019**

Dear Parents, please note –

Our school is working towards building a PLASTIC FREE environment that aims to reduce the use of plastic. A special focus on elimination of plastic bottles, plastic straws, tiffins, utensils, spoons, plastic food packaging etc. is the first step.

Let us join hands together and educate our children that exposure to plastic is linked to cancer, birth defects, impaired immunity and many more ailments. Therefore we request you not to provide plastic water bottles, tiffins, spoons, straws, forks, pencil boxes, food packaging etc. This could be replaced with steel or other metal.

**YOUR CO-OPERATION AND SUPPORT WILL BE APPRECIATED.**
