

Maharaja Sawai Bhawani Singh School, Jaipur

Dear Parents,

I am happy and proud to place on record the excellent results of the students of Class X & XII in the CBSE Board Examinations 2022-23. Ever since 2007, MSBSS has been working hard to create a strong culture of good practices in academics and co-curricular activities for the students. I would like to express my gratitude to the parents, staff and the students of MSBSS for the support and encouragement that has enabled us to build a school with conducive learning environment to inculcate in the students values of courage, empathy, gratitude and honesty.

At MSBS School, we endeavor to create a focused and welcoming environment for the students, ensuring individual care and attention. It is dedicated by providing excellent holistic environment, with teaching of the highest standards from Pre-Primary Level to Class XII. While encouraging personal development and academic success for each student according to their individual needs, skills and interests, efforts are initiated to promote Mental Health and Well-being of the students alongside.

Our aim is to prepare students to value and embrace their future by providing knowledge and skills to achieve academic excellence, personal growth and positive approach towards life in a conducive environment.

We look forward to welcoming the students after the summer break for yet another innings at the school for the session 2023-24. Many wonderful opportunities are waiting for them to explore and accomplish.

Best wishes,

*Vaidehi Singh
Principal*

Cherry Blossoms

One day the flowers bloom,
With the desire to spread happiness soon,
Pink, Red petals, Green, Yellow, bright
sepals.

Sakura flowers on the trees,
Flow silently with the morning breeze.

Below their cool petals,
Below their peaceful sepals,
Young children play and run,
With the wish to have fun.

A family came to enjoy,
A mother, a father and a little boy.

Sushi, rice, food they brought,
A happy evening was sought.

The Sakura gave their blessing,
Being happy, the family began to sing,
Joy of peace is the only common one,
Between the human and the Holy One.

Shatakshi Sadana
Class X A

Your Determination Decides your Destiny

How much you try today,
Will determine what you will achieve tomorrow,
If you decide what you sought to do
There's no way for sorrow.

One's determination decides his destiny,
Whether he'll be sad, low or dance merrily.
Once you're focused there's no turning back,
But do remember for yourself, to cut some slack.

Even after all the hardships
You'll surely grow someday,
But don't ever look back
And let your mistakes pay.

'Cause in the end Determination
Will certainly lead you somewhere,
And with that thought you should always adhere

Students' Corner

The Courage to Choose

Anoushka Garg
XI D

Even before I was born
I was chosen to lead an unfinished goal
Even with my own identity torn
I accepted a borrowed soul.

Every day was winter,
As if embedded into my skin
Life burnt black like a cinder
Waging a war within.

But that day, upon me it dawned
That it was a lot that I had given away.
It was time to go beyond
Abandon paths that led me astray.

I thundered across the corridor,
Seething in unrest
Every failure, every success, every
endeavor
Now facing the ultimate test.

"Dad!" I screamed at the top of my lungs
"I am no doctor nor engineer.
All those paintings you locked in the trunks
Is what to become I persevere!"

His face laced with hostility
His teeth clenched in wrath
He raised his hand to hit me
But I stopped him on his track.

I stared into his soul through his eyes
A mélange of innumerable clashes.
And he understood the reason of my cries
For I had risen from the ashes.

TIME: AN ESSENTIAL RESOURCE

Arshiya Midha
XI C

It is very well said by Thomas P. Murphy. "Minutes are worth more than money; spend them wisely." Time, being an essential resource, has to be managed properly in every aspect of life if one wants to succeed. We as students are usually seen complaining about not having enough time to complete tasks effectively, but primarily it depends upon our personal skills to set our priorities and utilise these golden hours to perform everyday activities. We should never waste time, as it holds the power to either make or break someone. Time is never going to repeat itself. Instead of wasting it, find ways to utilise it adequately.

Dear Teenage Me,

Suhani Gupta
XII C

You make me feel confident, but not always.
You make me feel special, but not always.
You are somewhat a phase of self-doubt as well as self-awareness.
The more I think about people judging me, the more I hurt myself.
What my heart wants, I don't know.
A tussle between mind and heart never stops.
What to do?

I am making memories with my forevers.
Their memories will be in my heart forever.
This phase of life is about finding your real self!
But this phase gave me thousands of moments to smile, to capture, and
to relive again.

When I see the old me, I can see the transition that took place in
me—some good, some bad.

But this is what I learned.

A new beginning will always come with a harsh breakdown.
So, let's not forget: life is as beautiful as YOU!
