

**Maharaja Sawai Bhawani Singh School,
Jaipur**

My dear students

Greetings !

I hope you all are keeping well and trying to make the best use of the available resources to take your academics ahead with flexibility and patience.

It has been brought to my notice by the teachers that many of you are putting in relentless efforts to continue studying conscientiously amidst all the unpredictability in the difficult situation of pandemic. It could be challenging to participate and excel both in academics as well as other co-curricular activities. But, as always, the Bhawanisinghites have made us proud.

Learning is a continuous process, dedicate appropriate time to learning, constructively engage in academic progress with honesty. The lessons of life which each one of you will learn from your experiences during the pandemic will surely evolve you both mentally and emotionally. Develop your emotional quotient.

As we continue our journey in these unpredictable times of the pandemic, I know you all are positive and are geared up to take the challenges. Use this time to reflect, create and grow. We are hopeful to see you all back in the school.

I wish you and your family are safe and in good health.

With good wishes

*Vaidehi Singh

Acrostic Poem PANDEMIC

Patients galore but patience holds the sky,
Anxiety it may be but corona is like to stay without any fee.
North America, Africa or Asia it may be, none has been spared, despite of continuous plea.
Deadly, dangerous, destructive coronavirus sets no one free,
Economic and daunting a task it may seem,
Men, women and children will triumph only when they work as a team,
Impassible says 'I am impassible' with all the determination and grit,
Courage and hope will fight off COVID-19 and will make us fit.

MAHARAJA SAWAI BHAWANI SINGH SCHOOL
IMMUNITY

In these times of utter despair, we search for a flutter of hope,
Merciless are the hues of today's diverse dilemma with which we hate to cope.
Mellow and dulcet times have flown, towards grimness have turned life's path,
Under the sky of seamy oblivion, we cross swords with a 'Worst' macabre wrath.
Nights moonlit are now empty, shielded are our visage,
Immune we must now become towards this invisible raging savage.
Till distances are no longer a necessity, till solitary life seems,
Yielders of prowess we must become, for shackles wait to be broken, and fate waits to gleam.

Topic - Coronavirus

Communities in crisis are
Overcoming obstacles
Resilient relief is rendered
On our behalves by countless
Nurses and healthcare workers
And all first responders,
Volunteering heroic care as we're
Isolated in our homes "endlessly".
Residents worldwide are rallying
Utmost resources to benefit us all
Social distance and stay safe and strong.

Acrostic Poem PANDEMIC

Pandemic is spreading across the world,
Antibodies are there, but not so much,
Never thought of times as such,
Death himself has landed on earth, but keep hope,
Epidemia will come to hearts filled with hope,
Much I learnt in these times of dread,
Isolated in a room,
Cabin hope I keep that god will be back, isn't it known that Hope is a step in the path of Success.

Vaccines are a ray of hope,
Antibodies are the warriors of our body,
Corona is a virus that spreads fast,
Cold and flu are common ailments,
In our time to be vaccinated,
Non-sterile hands are a bad habit,
Everybody! Vaccinate and immunise,
Soon, we'll be free and under the sky.

WORLD ECHO
FAKE NEWS Eating garlic helps to prevent infection with the Corona Virus.
 A news spreading all over the world about eating garlic can prevent infection with the Corona Virus.
 By Corona Virus

WORLD ECHO
FACT: Eating garlic cannot prevent infection with Corona Virus.
 There is no evidence from the outbreak that eating garlic has protected people from the Corona Virus.

HOW TO SAVE YOURSELF FROM THE INFECTION
 DO THIS AND YOU WON'T GET CORONAVIRUS
 PROVEN METHODS TO AVOID GETTING INFECTED
 DRINK WARM WATER EVERYDAY AND YOU WON'T BE INFECTED. SAYS A NOBEL PRIZE WINNING SCIENTIST
 AGREED UPON BY WORLD RENOWNED SCIENTISTS AND DOCTORS

Claim: COVID-19 virus will be killed at a temperature of 30-35 degrees. Therefore, drink more hot water, go under the sun for a long time. "Drinking warm water is effective for most viruses. Try not to drink ice. Remember that," the message said.
 Truth: Technically, the virus is destroyed at a temperature greater than 60 C and there's no way the human body can handle that high temperature.

5G Accelerator for COVID
 Myth: "Some people are saying that 5G is the cause of COVID-19. This is a total lie. 5G is a technology that is used for communication and it has nothing to do with COVID-19."
 Fact: "The spread of the virus is not related to 5G. The spread of the virus is related to the virus itself and not to the technology used for communication."

BREAKING NEWS
FAKE NEWS "Fight Covid-19 with a Glass of Milk"
 A news spreading all over the world about drinking a glass of milk can prevent infection with the Corona Virus.
 By Corona Virus

Facts...
 British Nutrition Foundation states
 • No food or supplement can protect from getting coronavirus, although it can form a part of a healthy diet
 • Milk does not contain a significant amount of Vitamin C and zinc, the effects of lactoferrin on the immune system are not fully known.
