

# Maharaja Sawai Bhawani Singh School, Jaipur

*My dear Students,*

*As the Academic Session 2022-23 is in progress, I am sure each one of you is settled back into the school routine. An important thing to remember as we are back in school, is that everyone's experiences have been different in the last two years. If there is one thing pandemic has shown us is that we need to rethink on the ways we have been working on different things and the most important aspect the students have to work on is the ability to discipline oneself.*

*Self-discipline is an irreplaceable talent to acquire and develop over the course of your life. It will help you tremendously throughout your academic career. Inevitably, as a student, there will always be subjects you don't like much and periods of distraction in your life, which is why it is very important to develop self-discipline in order to succeed through those times of less motivation. Even if it is something that doesn't come naturally to you, there are ways to find and cultivate strategies. It means: keeping yourselves focused on assignments, in classes, not getting yourself distracted during times of study and making sure that you're on track with deadlines.*

*It's that time of year again, am sure you are all looking forward to, "Maharaja Bhawani Singh Memorial Tournament" scheduled to be held in October, this year. It will be the time of games and sports that will challenge different skills and will bring many schools together at MSBSS. Instill in yourselves an attitude of fair play and team spirit.*

*With festive season ahead of us, I wish you and your families a Very Happy and Safe Diwali.*

*Best wishes,  
Vaidehi Singh  
Principal*
